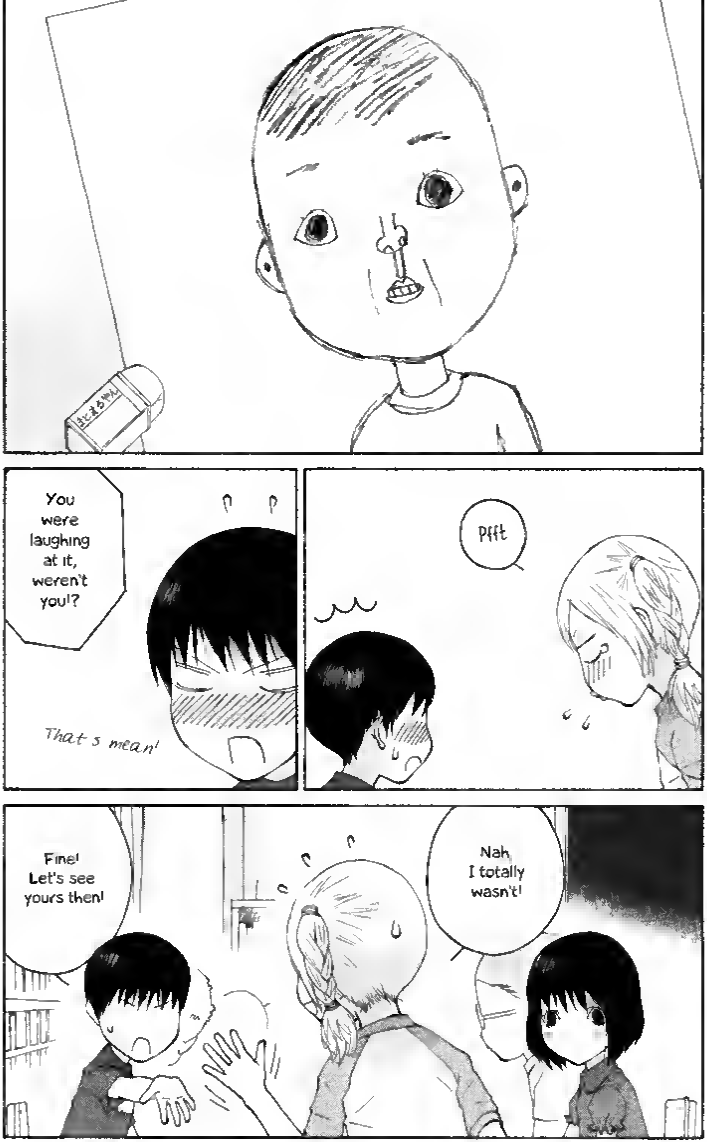
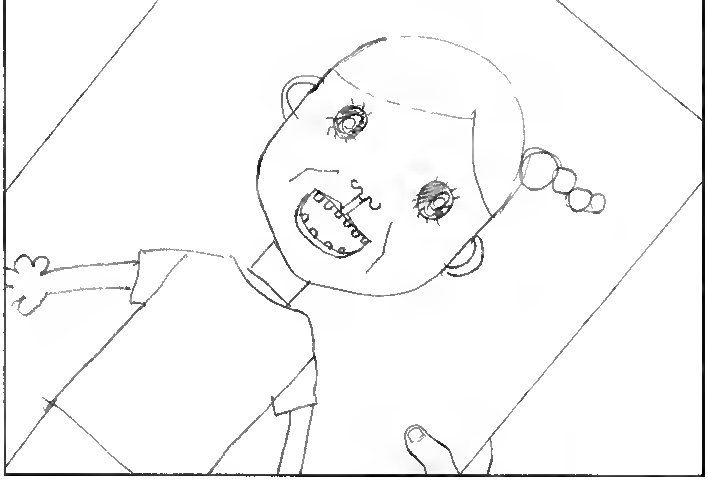
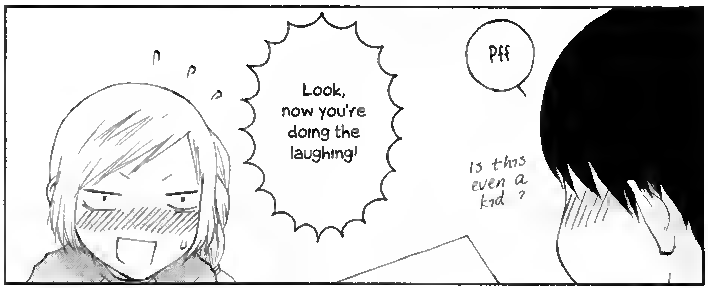
Comments on Mio's answers:
5 I have no idea where this came from. Maybe she just thought 委 looks like a flower...
7 Shi can also mean death (死), but hardly here.
10 ふく (服 fuku) can mean just one piece of clothing, there is no plural/singular.
12 Star (星) does look a bit like roof (屋, おく), I suppose
20 Chuu (ちゅう) is also the sound Japanese mice supposedly make

The reason that the classroom is quiter than usual is that everyone's eagerly at work drawing self portraits.
.....
Hmm...
Lemme see
DARUMA
Sakata, are ya done with the rough sketch yet...?
Well, more or less

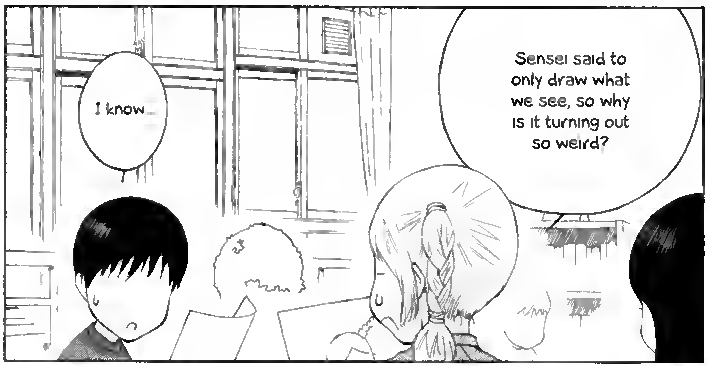


You were laughing at it, weren't you!?
That's mean!
Pfft
Fine! Let's see yours then!
Nah, I totally wasn't!





Look, now you're doing the laughing!
Pff
Is this even a kid?



I know...
Sensei said to only draw what we see, so why is it turning out so weird?

scritch

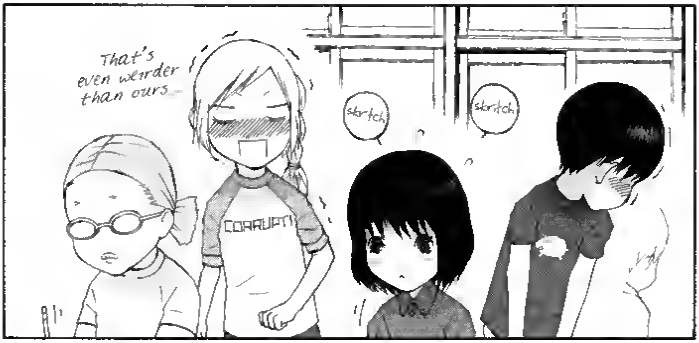
.....
Mio's good at drawing bugs and manga and stuff... Let's copy what she's doing
I know!



That's even weirder than ours...
CORRUPT!

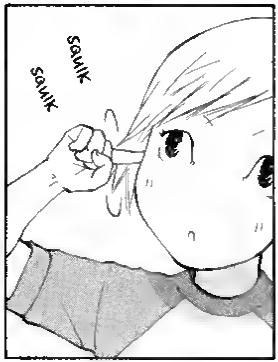
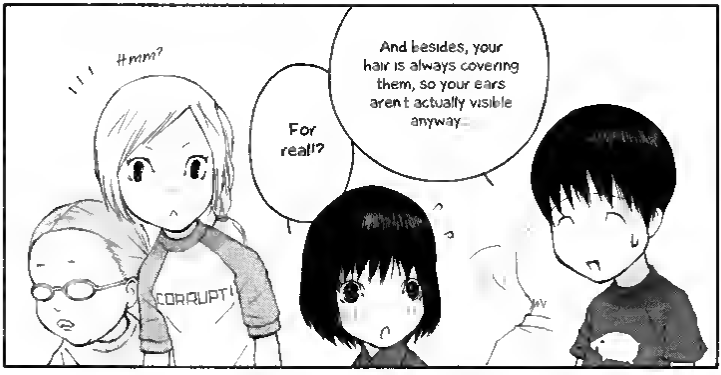
Well, when you look in the mirror, isn't there something around here as well?

Mio, why are there two holes in your ears?
Ah.

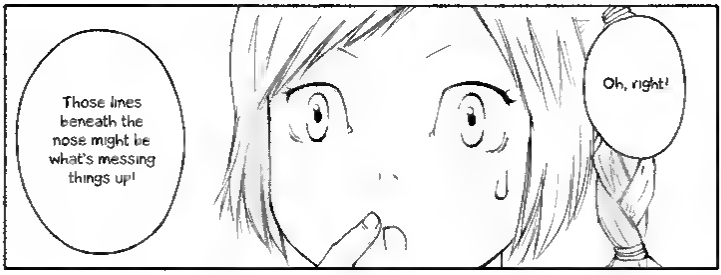
Come on That's just a dead end, there's really only one hole
CORRUPT!
I see...



squik
squik

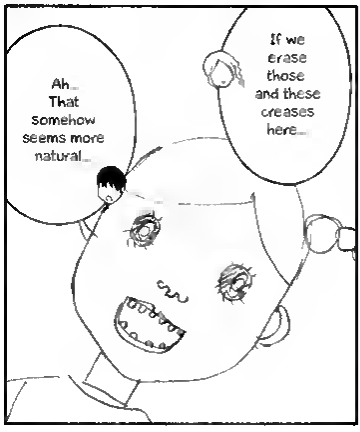


Hmm?
CORRUPT!
For real!?
And besides, your hair is always covering them, so your ears aren't actually visible anyway...



Those lines beneath the nose might be what's messing things up!
Oh, right!

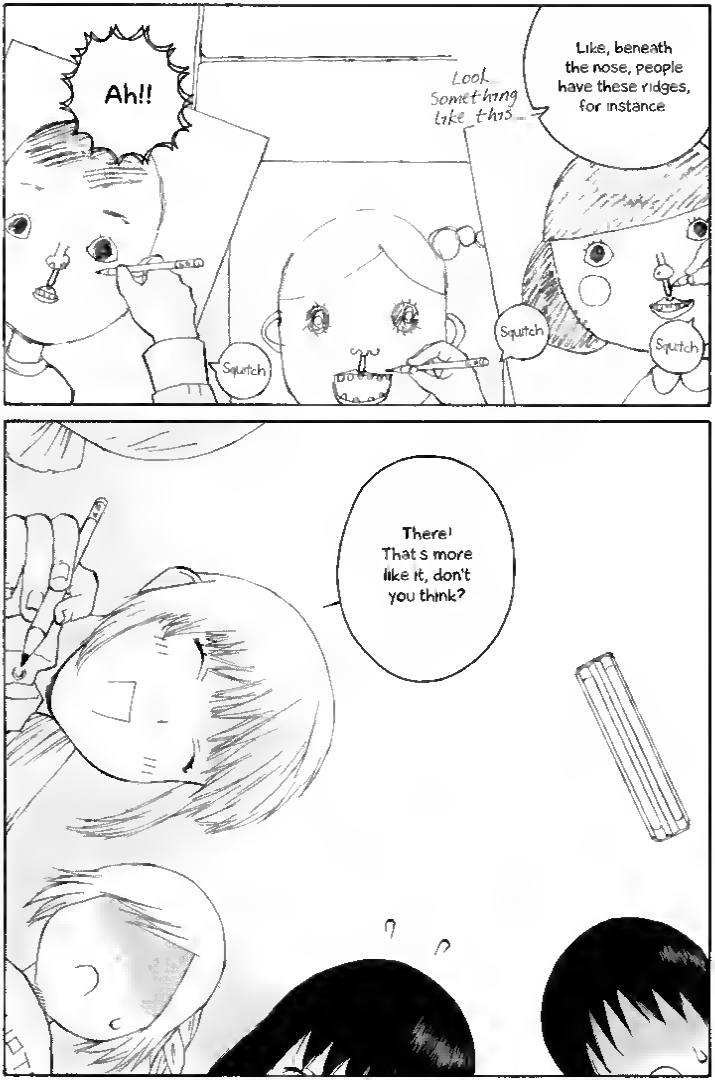
Sakata, yours looks a lot better now too!
You think?



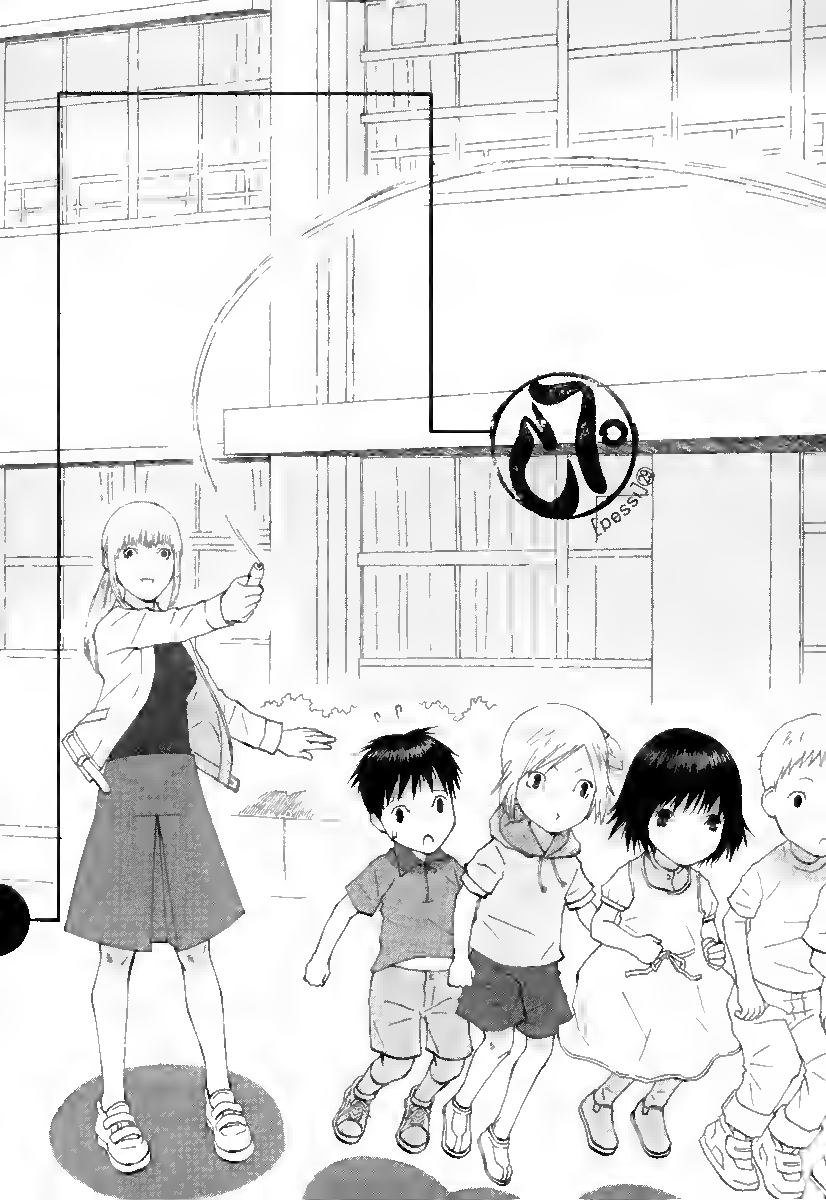
Ah... That somehow seems more natural...
If we erase those and these creases here...

How about ya try it too, Mio?
CORRUPT!
SENSEI~
You done there!
Those who have finished their sketch, let me know.
There Better, right?
What's with the beard? You're not supposed to draw anything that isn't actually on your own face

Well
We're about done with the sketches
And how are things going for you three?
I see...
The drawings aren't bad, but...
Try looking at your own faces a bit closer.



Ah!!
Look. Something like this.
Like, beneath the nose, people have these ridges, for instance
Squitch
Squitch
Squitch
There! That's more like it, don't you think?



Epass1

To prepare for the school-wide jump rope competition everyone is busy jumping like crazy

Yeah so, about that front cross...
Hey, how many times can you do the double under?
Jump as Leg
Ah, Sakata. Let's practice together, kay?

Well... I guess I'll start with a normal jump...
See if ya can break the record. I'll count

Yes, right
Hop

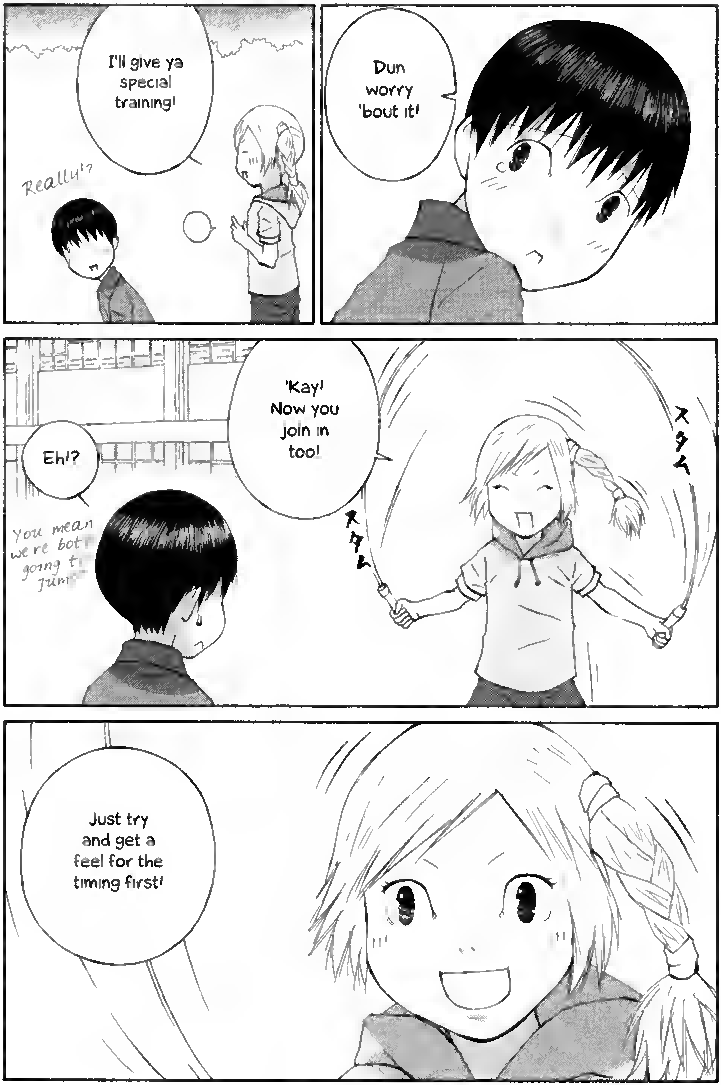
Actually... I'm completely hopeless at skipping rope...
Yah I kinda figured that out on my own



I'll give ya special training!
Really!?
Dun worry 'bout it!
Eh!?
You mean we're both going to jump!?
'Kay! Now you join in too!

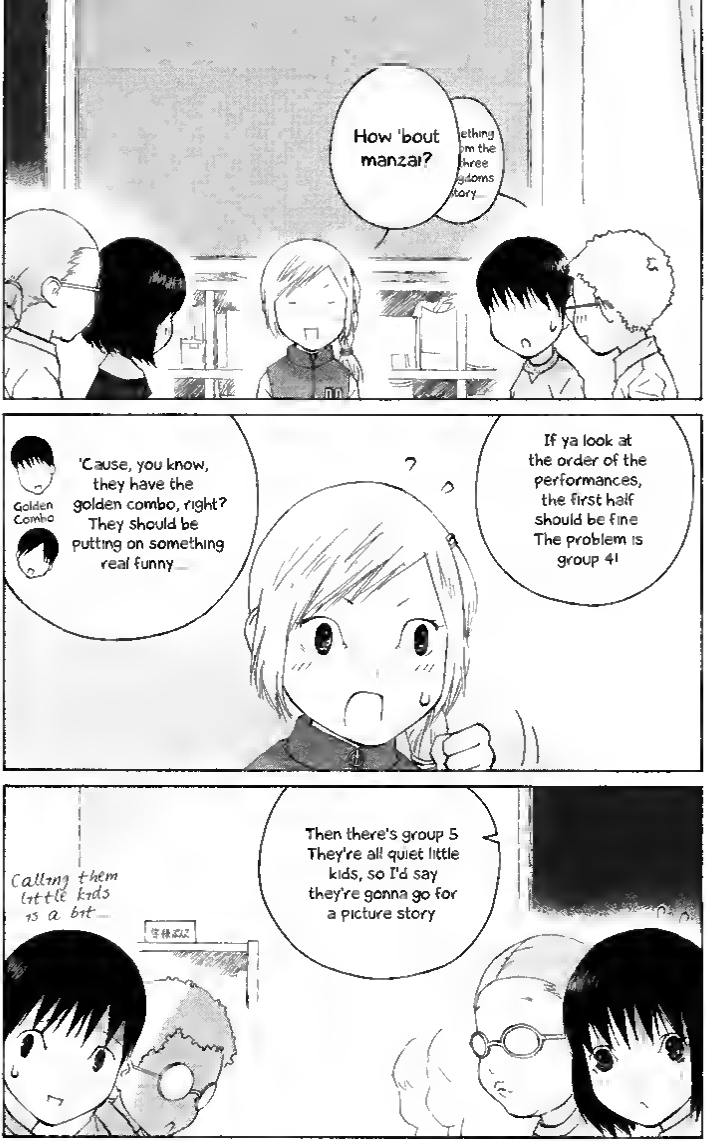
Well... An otanoshimikai is...
Otanoshimikai? What's that?
Oh? Sounds like fun
It's like a get-together where all the groups perform whatever they want in front of the whole class
AHEM
Right, so I guess we have to decide on what our group's going to do, then.



How 'bout manzai?
ething
m the

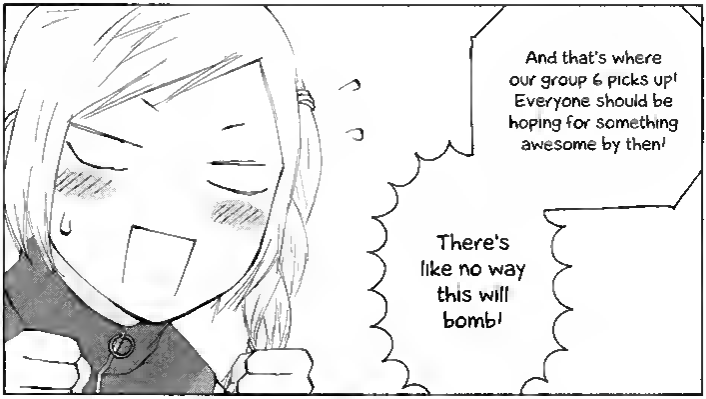
gdoms
tory...
Golden Combo
'Cause, you know, they have the golden combo, right? They should be putting on something real funny...
If ya look at the order of the performances, the first half should be fine The problem is group 4!
Then there's group 5 They're all quiet little kids, so I'd say they're gonna go for a picture story
Calling them little kids is a bit...

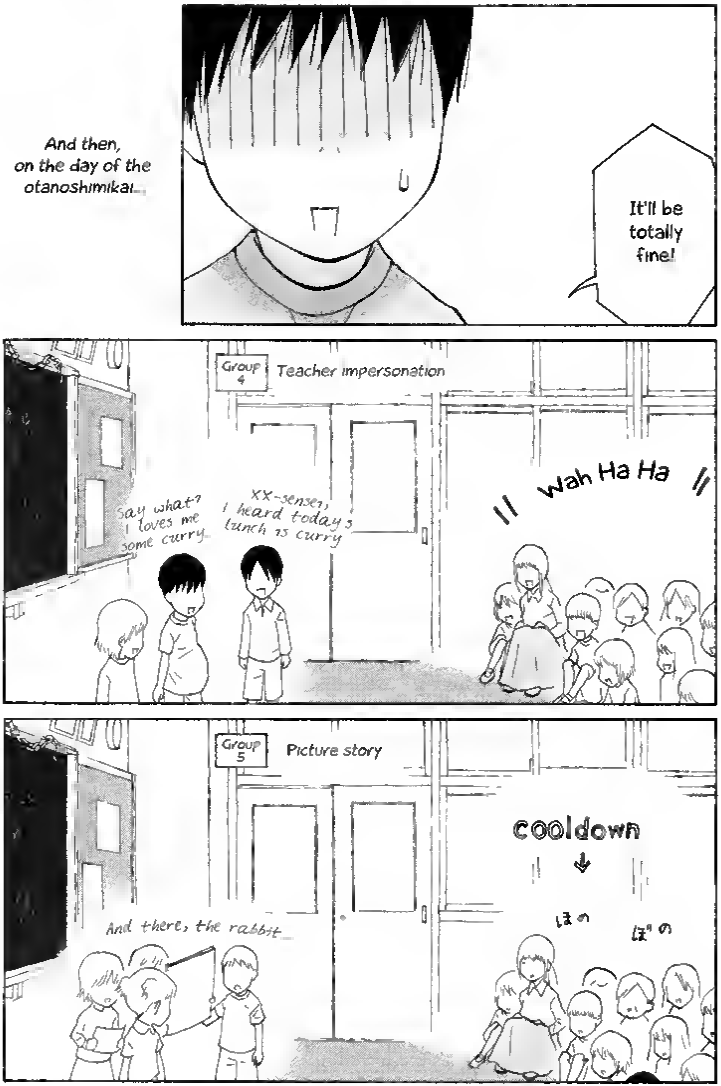


There's like no way this will bomb!
And that's where our group 6 picks up! Everyone should be hoping for something awesome by then!

But you can't do manzai with 5 people, right?
Well, Let's not go there...
Bomb?

So how about a Mio/Sakata combo?
Oh, I see
f course, Mio and Sacchan

No way! I can't possibly make people laugh!
Me!?
No frickin way group 4 is gonna beat that!
Why not? The unique combination is what's so great about it! I bet their expectations will be way up there!
We'll all think up the material, so ya just have to memorise it and say the lines
Besides, it's not like we have to win anything!
B-but what if we get their hopes up too high, and it turns out they don't like it...?



And then, on the day of the otanoshimikai...
It'll be totally fine!
Group 4
Teacher impersonation
Say what? I loves me some curry
XX-senseı, I heard today's lunch is curry
